

Have you had the conversation?

How to talk with your kids about substances.

Souderton Area's elementary school leaders believe that now is the time to talk with our kids about drugs and alcohol. Please join us, and together we will talk about:

- The reality of when and how kids are introduced to substances.
- How to have a conversation with children about loved ones who might be struggling with addiction.
- What to do if you are concerned that your child may be experimenting.

There is no charge to attend. **Babysitting will be available.**

Register to attend at: sasdconversation.eventbrite.com

New Date! Thursday, April 19, 2018 at 6:30 pm
