

SOUDERTON AREA SCHOOL DISTRICT

SEPARATIONS – DIVORCES

It is the intent of the Souderton Area School District to remain neutral toward families split by divorce or separation. We do not want to take sides with one parent against the other where there may be possible conflict over children attending school in this district. If you have a court decree that establishes you as legal guardian, you will need to give us a copy of this document for attachment to the child’s permanent record. We will not use this as a legal base for working with the custodial parent at the exclusion of the other parent.

In the absence of such a document, you must be aware that we cannot deny either parent access to his/her child. We cannot withhold information or refuse to see or work with the other parent. We cannot keep the other parent from picking up his/her child from school.

The Souderton Area School District wants to protect all children from emotionally upsetting situations. Whatever the parents can settle outside the school to forestall these confrontations should be pursued. Our Home and School Visitor will work with you toward this end if you so desire.

I have read and discussed the above policy with a representative of the Souderton Area School District and there are no legal documents concerning custody.
